

DOMAINE DE LA GRAND'COUR

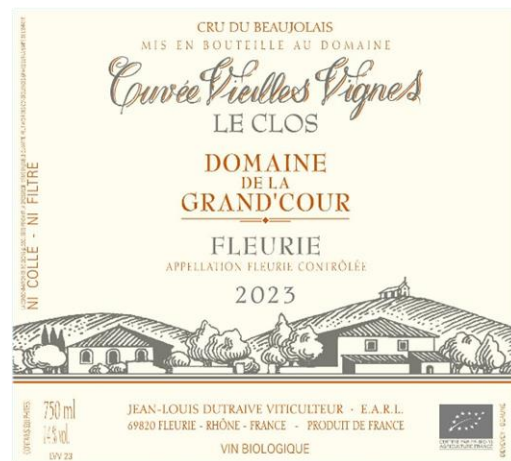

Ophélie DUTRAIVE  Propriétaire-Récoltant

Cuvée FLEURIE « Domaine de la Grand'Cour » Vieilles Vignes Le Clos

The *Clos de la Grand' Cour* situated in the south of the Fleurie appellation, sits on a plateau at around 300 meters in altitude. The 6,4 hectare parcel, a monopoly of the Dutraive family, lies on fairly deep soils over a granite bedrock.

This *Fleurie cuvée* comes from the oldest vines of the parcel, with an average age of 80 years. These vines cover 1 hectare of the parcel, and achieved a yield of 20hl/ha for the 2023 vintage.

The grapes were vinified in concrete tanks and the wine was aged in oak barrels for 8 months.

Following the philosophy of the domain, the vines are cultivated without any chemical fertiliser or herbicides, creating wines which are above all an expression of terroir, showcasing the soil and the winemaker's craft.

- ☑ Hand-harvested with pierced 20kg cases
- ☑ Cold whole-bunch vatting at 7-8°C
- ☑ Carbonic maceration
- ☑ Indigenous yeasts
- ☑ No SO2 added during the vinification or ageing
- ☑ Neither fined, nor filtered
- ☑ Little (10mg/l) or no SO2 added during blending

The 11.5 hectare estate is owned and managed by the Dutraive family. Domaine de la Grand' Cour produces wines made from Gamay across two appellations: the *crus Fleurie* (9.8 hectares) and *Brouilly* (1.7 hectares). The vines are organically cultivated and certified since 2009.
